ICCV 2027 Workshop Proposal

The instructions are in grey and parts to complete are indicated by xxx. Submit your proposal as a single PDF file named `ACRONYM.pdf`, where `ACRONYM` is the acronym of your proposed workshop. Proposals should be in PDF format and limited to 5 pages (excluding references).

1 Summary

Workshop title	xxx
Acronym	xxx
Edition (1st, 2nd, ...)	xxx
Keywords	xxx
Primary contact name and email	xxx
Half or full day	xxx
Anticipated audience size	xxx
Requested number of poster boards	xxx
Papers published in proceedings?	xxx
Special requests	xxx

2 Topic

Topics that will be covered, audience, and relevance to the computer vision community and potential ICCV 2027 attendees. xxx

3 Organizers and speakers

3.1 List of organizers

Names, titles, and affiliations. xxx

3.2 Organizers' experience and background

Information that supports the organizers' ability to run a workshop, and appropriateness to a workshop on this topic, including brief bios as necessary. xxx

3.3 List of invited speakers

Please list any invited speakers. Speakers should have confirmed or tentatively confirmed their attendance. For each speaker, (a) please indicate if confirmation is tentative or final, (b) provide a link to their homepage, and (c) explain their relevance to the workshop. We recommend finding invited speakers who will not give the same talk at multiple workshops; otherwise, the workshops may be asked to merge. xxx

3.4 Diversity

Discuss how diversity is being addressed among (a) the organizing committee and (b) the invited speakers. xxx

4 Format and logistics

ICCV 2027 will be in person. There may be remote access provided by the conference (e.g., Zoom) but this is to be decided; workshop organizers may also arrange their own.

4.1 Schedule

Provide a preliminary schedule for your workshop. xxx

4.2 Paper submission

If including paper submissions: (a) Tentative program committee, (b) Paper review timeline, (c) Will these papers be published in proceedings? Note that paper submissions must adhere to the ICCV 2027 paper submission style, format, and length restrictions, and organizers must meet a deadline (which is still to be determined) for providing the final documents to the publication chair to be included within the proceedings. xxx

4.3 Competition

If the workshop hosts a competition, describe it: (a) Explain which datasets will be used, (b) Whether the datasets are already available or not; in the latter case, provide an estimate when the datasets will be available and describe your contingency plan in case of delays; (c) Ethical considerations for the datasets, (d) How submissions will be evaluated, (e) The timeline for the competition (start, submission deadline, decisions to participants). xxx

4.4 Special requests

State special space or equipment requests, if any. xxx

5 Broader impacts

Tell us of any broader impacts around the topic (if any) xxx

5.1 Social considerations

Tell us social considerations around the topic (if any) xxx

5.2 Ethical considerations

Tell us ethical considerations around the topic (if any) xxx

6 Relationship to previous workshops

Describe how this proposal relates to previous workshops held at CVPR/ICCV/ECCV/etc. in the last three years. xxx
